Subject: Employment Offer (Part Time Job)

Dear Sir/Madam,

My name is James Harrison. I would be very interested in offering you a part-time paying job in which you could earn a lot. Presently, I have just been granted a funding to head a research project in the tropical regions of West Africa, Europe and the South Americans regarding rare and vulnerable Agricultural Plants Species and assist the poverty and public policy and this would be commencing very soon. However, my fundings were by my American counterparts which sent me the bunch of payments mostly in US based money orders, Travelers Cheque and Cashier Cheque. Getting an accountant in the US/CANADA or opening an account would have been my best choice but I have a deadline to meet and taking any of those choices would cost me time and a whole lot of other requirements I am not ready to deal with as I would be traveling a lot in the meantime.

I would be willing to employ you on a contract basis to be my payment representative back in the states, this way I could issue and make these payments. You could then cash them easily, withdraw 10% of the total amount on these money orders as your commission {10% from each operation!} For instance: you receive 7000 USD via cheques or money orders on our behalf. You will cash the money and keep \$700 (10% from \$7000) for yourself! At

the beginning your commission will equal 10%, though later it will increase up to 12%!

I would be glad if you accept my offer and I intend to commence on the job as soon as you are ready. If you are interested, email me back at: getemployed.overseas@live.co.uk so we can make concluding arrangements.
