Questions// Eritrea

a) Who are your stakeholders?

- Ministry of Agriculture
- Ministry of Environment
- Research Institution
- Communities
- Private sector
- Media

b) How powerful are they? And what accounts for their power

Some of them are power full (ministry Agric and Ministry of Finance) because they are :

They influence people because:

- They own Funds/manager
- Access on Media
- Decision makers

c) What are their interests? Are these likely to differ across different stages in the policy cycle?

Stages	Interests
Initiation	- Writing policy paper - Research dissemination
Planning	Resource mobilization
Implementation	Soil and Environment conservation
M&E	Improve liverhood Food security
All stages	- Political support of the communities/political interest - Some of partners are more interested in Environment and Biodiversity issues

d) Types of engagement with different stakeholders at different **junctions** in the policy cycle

Stages	Types of Engagement
Initiation	- Lobbying and advocacy
Planning	- Stakeholders involvement
Implementation	- Communication and Sensitization of the communities
M&E	- Making meetings and reports
